

Piper Turbo Arrow IV - N8105J

List: \$199,000

Our mission has changed and we are offering our Low time (2597TTAE) well-equipped 1979 Piper Turbo Arrow IV. This aircraft offers 150KTAS+ cruise speed, with over 1000lbs useful load and 1000NM of range. No damage history, Complete logs. Over \$100k dollar avionics upgrade completed last year with a stunning Garmin panel and four-axis autopilot. Custom Leather interior. Many upgrades, replacements, and improvements completed in the past 2 year to make this a turn key airplane. We have a transferable May 2024 paint reservation at Aircraft Refinishing Company so you can choose the paint scheme and make the airplane your own! Engine was completely torn down by Western Skyways 151 Hrs ago. This airplane is set to go for many years. Hours will go up as this aircraft is flown regularly.
