Maintenance:

Last annual completed in April 2025.

530 SMOH, 2360 TT. Still flown at least every few weeks so times will go up.

1 mag overhauled, 1 mag replaced, new brakes all within last 50 hours.

Engine overhauled in 2017 with Millenium cylinders

Many upgrades performed in 2017 to bring down the empty weight (lithium-ion battery, lightweight starter, lightweight alternator)

Engine:

Stroker C-85 with C-200 rotating assembly STC

Autogas STC

UREM38S fine wire spark plugs

Spin on oil filter

EarthX lightweight lithium battery

SkyTech lightweight starter

Lightweight alternator

Tannis engine preheater

Airframe:

LSA STC

Cleveland brake STC

Dual fork for nose wheel

4 pt seat belt harnesses

Avionics:

JPI EDM-830 engine monitor

Flightline FL-760 radios

Other notes:

I am a CFI and am happy to provide a checkout in the aircraft.

Spare Parts

All are sold as-is, but I will send as many pictures and videos as you need to judge condition. Please be specific with requests.

Images of parts here:

https://drive.google.com/drive/folders/14Lk2uptHS8G1krDOKQs4_8kJT-3q92Us?usp=sharing
