\$290,000 Make an Offer

Bullet Points:

- February 2025 Annual
- New Interior
- Tail AD Completed Properly
- Float equipped from factory

Description:

This 1976 Cessna A185F is a tough and dependable airplane, ready for work or adventure. It has a brand-new interior and upgraded Wing-X extensions for better performance. The Sportsman STOL kit and vortex generators help it take off and land on shorter runways. It's strong, can carry a lot, and is perfect for backcountry flying or hauling big loads. This Cessna 85 is in excellent shape and ready for its next mission!
