HANGAR
FOR *Sale*

3000 SQ FT

SOLAR PANELS

A GENERATOR

A rare opportunity! This airplane hangar has a paved path right to the runway. It's a 3000 square foot engineered steel structure built to last with steel I-beams courtesy of Armstrong steel. It has tilting hydraulic doors powered by a generator that comes with purchase. Also includes 18 500w solar panels, a 10Kw Solar Inverter, and a LifePo4 Battery bank (not yet installed) for the ultimate off-grid setup! Owner will Carry with right terms
