

2021 Aviat Husky — 129 Hrs TTSN

Very clean, exceptionally low-time 2021 Aviat Husky with just 129 hours total time since new. PDH. Powered by a Lycoming O-360, 180 HP and equipped with a Hartzell Trailblazer prop, this Husky is set up with an excellent Garmin panel and strong backcountry capability.

IFR certified avionics include: Garmin G500 TXi touchscreen PFD/MFD with Engine Information System, GTN 750 NAV/COM/GPS, GMA 35C Bluetooth-enabled audio panel, GTX 345R remote transponder with ADS-B In/Out, Garmin G5 attitude indicator, and Bose headset jacks / twin plugs.

Equipment includes: 29" Alaskan Bushwheels, 3" extended gear, cockpit heat, cloth seats, wig-wags, landing lights, and full logs since new.

A very well-equipped, low-time Husky that's ready for backcountry flying, local fun, or cross-country adventure.

Full logs, located Umatilla, FL.
