Outstanding Example of a Classic Skylane

This 1964 Cessna 182H Skylane comes well-equipped with a number of factory options and many desirable upgrades over the years, showing strong maintenance history and clear pride of ownership throughout. Equipped with a new Garmin GPS paired to an S-TEC 30 autopilot, along with long-range fuel and a solid useful load, it's a great fit for IFR cross-country trips or easy evening flights around the local area. Actively Flown, Professionally Maintained, and truly "Turn-Key".
