

FOR SALE - Zenith CH 750 STOL – 169TT – Glass Panel – STOL Ready – Excellent

2021 Zenith CH 750 STOL in outstanding condition with only **169 hours total time**. Always hangared, no damage history, meticulously maintained and freshly inspected (Feb 2026). Turn-key and ready to fly. If you're looking for a **true STOL performer with modern avionics**, this is one of the better-equipped CH 750s available.

Airframe

- 169 TT (airframe & engine)
- No damage history
- Always hangared (KHMT)
- February 2026 condition inspection

Engine / Prop

- Viking HF 110 HP (4-cyl, 4-stroke, fuel injected, Honda-based platform, smooth-running and fuel efficient)
- Electronic Ignition System (no Mags, fuel economy, lower maint., increased power)
- Warp Drive 72" 3-blade composite prop (ground adjustable)

Avionics

- Dynon SkyView D1000 glass panel
- SkyView ADAHRS + engine monitoring
- Garmin GTX327 transponder
- Garmin GDL-82 ADS-B Out
- Dynon dual-band ADS-B In
- Icom A210 VHF radio
- Garmin Aera 500 backup GPS
- 406 MHz ELT | Dynon Backup BAT

Features & Options

- Vortex generators on elevator (excellent short-field performance)
- Bubble doors (increased cabin width & excellent visibility)
- Electric flaps & trim with indicators
- Dual controls / dual brakes / dual throttles (instruction capable)
- LED lighting package + wig-wag + landing lights
- Custom finished upholstery | Red LED glare shield night lighting
- Avery Dennison wrap | Viking Nose-gear Spring | Two Fan Hydronic Cabin Heater
- Well-built, clean aircraft with a strong-running engine and a panel that's above average for this class. Ideal for backcountry flying, training, or recreational STOL operations.

Price: \$98,000 (for serious inquiries, POH, logs, photos, and videos available upon request)
