For Sale

Citabria 1965 7ECA 150hp

>>>reduced price \$48,000.

I need the Hangar space for my new plane.

With its larger O320 engine and ease of flying, this aircraft is perfect for tailwheel enthusiasts, offering both reliability and enhanced performance. Ideal for recreational flying and training, it combines classic charm with modern upgrades, making it an exceptional choice for both new and experienced pilots.

Hangered at 41MO (Sawyer Creek) near Springfield, MO

Has flown 113 hours since purchased November 2024. Lots of local fun trips and also made the trip to Sun-n-Fun 2025.

Selling because we want a side-by-side seating arrangement for cross country flying.
