

1966 Piper PA-28-140 Cherokee with PowerFlow Exhaust
FOR SALE by TomahawkAero.com, Phone: (702) 219-9290

An exceptionally well-maintained 1966 Piper PA-28-140 Cherokee, finished in a striking silver, black, and white paint scheme inspired by the iconic Las Vegas Raiders. With its sharp ramp presence and classic Piper lines, N8483R turns heads wherever it lands. This is not your average Cherokee 140. Equipped with a highly desirable PowerFlow exhaust system that delivers noticeably improved performance over the factory configuration, enhancing climb capability, throttle response, and overall efficiency while maintaining the legendary simplicity and dependability that have made the Cherokee series one of the most trusted training and cross-country platforms ever built. Whether you are a first-time aircraft owner, time-builder, weekend adventurer, or seasoned pilot looking for an economical and capable personal aircraft, N8483R offers an outstanding balance of affordability, comfort, and proven Piper reliability. Stable handling characteristics, forgiving flight manners, and economical operating costs make this aircraft equally at home on local flights around Southern Nevada or longer cross-country adventures. Based at North Las Vegas Airport (KVGT), this Cherokee is turnkey and ready to fly today. For additional information or to schedule a personal showing and test flight, contact Broker Jeffrey Lustick of Tomahawk Aero Services by call or text at (702) 219-9290.
