MOONEY EXECUTIVE -- MORE AIRPLANE. LESS MONEY.

Efficient, capable and surprisingly affordable. 6920V delivers the kind of speed and useful load that makes Mooney ownership so compelling, with dual Garmin G5s and a Garmin GPS 175 adding modern capability to a proven airframe. Add a notable useful load, complete and original logs, and you have a whole lot of airplane for the money—without spending a whole lot of money getting there.

- **Complete & Original Logs**
- Dual Garmin G5's (Attitude Indicator & HSI)
- Garmin GPS 175
- Stratus ESG Transponder
- JPI EDM 830 Engine Monitor
- LED Landing Light
- 1,031 lb Useful Load
