Propellers:	1,790 Since Prop Overhaul

Pride of Ownership Throughout:

N3194X has been meticulously maintained and operated with exceptional attention to detail. It features zero-time engines and a host of desirable upgrades that deliver a safe, comfortable, and capable flying experience across a wide range of operating conditions. Its attractive paint scheme and custom leather interior provide outstanding ramp appeal, while long-range fuel tanks, upgraded air conditioning, FIKI capability, and an impressive useful load make this Baron exceptionally well-equipped to handle virtually any mission.
