2008 VAN'S RV-6A

C-FQVG · S/N 21077 · 459 hours total time · Based CSG5, Quebec, Canada

US \$84,500 / CA \$117,500

FOR SALE

A true low-time RV-6A, with the story to prove it

459 h

total time — airframe AND engine, since first flight in 2010

0

coats of paint, ever — full vinyl wrap over bare aluminum, no stripping before your future scheme

2025

annual condition inspection (October) with post-inspection check flight — flying regularly since

100 %

of the logs: continuous journey log since 2009, engine log with full overhaul invoice, propeller log

Built by D. Kingsley, an experienced builder — flown lightly (~30 hrs/yr) and consistently.

Modern Dynon panel, flies itself on autopilot

- **Dynon FlightDEK D180** — EFIS + full engine monitoring in one display
- **Dynon 2-axis autopilot** — with AP74 dedicated control head
- **uAvionix AV-30 + tailBeaconX** — Mode S transponder, ADS-B Out — compliant Canada & USA
- **Garmin GDL 52** — ADS-B In: traffic and weather on your iPad
- **Dual Icom radios** — IC-A220 + IC-A210
- **ACK E-04 ELT, 406 MHz** — new battery 2025 · avionics recertifications Aug 2025

VFR aircraft (Special C of A: VFR only · 1,600 lb · no aerobatics)

Honest airframe, documented engine

Engine & propeller

- Lycoming O-320-D2A, 160 hp — 459 SMOH
- Overhauled by a dedicated aircraft engine shop — invoice & parts list in the logbook
- Sensenich metal fixed-pitch prop — simple, no governor or prop overhaul to budget

Airframe & exterior

- Completed 2008, first flight 2010 — chronology fully documented
- Full vinyl wrap — airframe has never been painted
- Correct Van's wheel pants installed; finishing kit included

Documentation

- Journey, engine & propeller logs — complete since day one
- Current weight & balance (2023)
- Bilingual buyer's report, photos & videos available
