Airframe: TT 8998.6

PRATT & WHITNEY R1340 SERIES R985-14B-39 1270.6 SMOH

HAMILTON STANDARD PROP MODEL 2D30 741.7 SOH

PLEASE NOTE: N8916H IS A VERY RARE DUAL COCKPIT RESTRICTED AIRCRAFT UTILIZED FOR ADVANCED AG PILOT TRAINING, INCLUDING HEAVY TAILWHEEL TRAINING, AND GPS LIGHT BAR TRAINING. A HEMISPHERE BANTAM GPS WITH LIGHT BAR IS CURRENTLY INSTALLED.

The addition of a front cockpit, with removal of the hopper was done by Kenny Blalock, from Special Aviation Products, Conway, AR. Kenny was an Original Member of the Great American Flying Circus. He flew air shows professionally for 14 years and received the Wright Flyers Award in 1986. The FAA 337 contains details and specs of the conversion, including Photographs and sketches. The details of this conversion have not been copied or sold while we have owned this aircraft.

Bottom Load Fueling

50 Gallon Smoker

Parts and Maintenance Manuals, along with all Logbooks

In January, 2023 all wiring circuits and components were replaced. Details in Log Book.
