Description:

The Cessna 172F Skyhawk, registration N5687R, is a four-seat, single-engine aircraft featuring a Lycoming O-360-A1A 180-horsepower engine conversion and a Hartzell two-blade constant-speed propeller. Its familiar high-wing design and versatile cabin make it an appealing platform for personal transportation, recreational flying, and general aviation use. Available maintenance records document major engine and propeller overhaul history, providing prospective buyers with a foundation for evaluating the aircraft's maintenance background.
