THE CESSNA 182P -- MORE AIRPLANE. LESS COMPROMISE.

Low time since factory overhaul. A real-world useful load of 1,139 pounds. Dual Garmin G5s and a strong IFR panel. Top it off with updated leather, and you've got a 182P that's ready to haul, travel, and get the job done. And the ramp appeal? Good luck walking past without taking a second look.
No fluff. Just a solid airplane with the upgrades that matter.

- Dual Garmin G5's (Attitude Indicator & HSI)
- Garmin GNS 430W GPS/Com with WAAS
- Garmin GTX 345 Transponder with ADS-B In & Out
- STEC System 50 Auto Pilot
- Wingtip Extensions
- LED Landing Lights
- 1,139 lb Useful Load
